SHANDONG HABLEAD RUBBER CO., LTD

INTRODUCTION

Shandong Habilead Rubber Co., LTD belongs to Shandong Huasheng Rubber Group. It is located in the coast of the Bohai Sea, the Yellow River Blue Economic Area center city --Dongying city, superior position, and convenient transportation. It is a large enterprise that combined PCR and TBR research development, manufacture, sale, independent import and export trade. Habilead insist to be better and perfect, focus on the introduction of advanced technology and high-end equipment, develop and produce high-grade precision and sophisticated products, creating a road of product differentiation. The main brands are DURUN, GOLDWAY, BANNERS, and HABLEAD. DURUN brand is awarded "China well-known trademark" by the state trademark bureau.

Habilead will be adhering to the business philosophy of "market-oriented, customer-centric, technology-supported"; With the development path of "talent-enterprises, science and technology enterprises, quality first", Habilead will provide high-quality, high-performance products to all customer as its responsibility and develop by the road of "excellent quality, leading the future".

Simple and elegant pattern design, four main pattern groove can quickly drain, providing excellent anti-wet slippery performance; With three central veins, it is effective to maintain the stability of straight driving, making you more confident when driving at high speed.

HD918

★ Comfortable passenger car tire

[illegible]

High dispersive silicone tread formula provides good driving performance, greater wear resistance, and reduced roll resistance.

SHANDONG HABLEAD RUBBER CO., LTD

M626

Product Features >>

★ UHP luxury city car tire

Oblique groove at central tread enhance the high-speed driving steady.

Asymmetric pattern design to enhance the handling of cornering.

Anti-slip sipe enhance the stability of driving in different terrain.

Anti-uneven-wear shoulder strips design not only prevent uneven wearing and also enhance the supporting stability of shoulder at high-speed cornering.
